GOING THE DISTANCE

CELEBRATING 50 YEARS OF OTC

OFFSHORE TECHNOLOGY CONFERENCE 2019

6-9 May 2019 // // // Houston, Texas, USA // // // NRG Park

OTC | A Golden Past, A Brighter Future

Join 60,000+ of your peers at OTC's Golden Anniversary where technological innovations will be shared, ideas will be exchanged, and opinions will be expressed all for the purpose of advancing the future of offshore E&P.

Don't Miss the OTC Golden Anniversary Special Events:

- **Golden Anniversary Gala Dinner** | Sunday, 5 May at the Marriott Marquis Houston
- **OTC's Golden Anniversary Opening Session: The Next 50 Years of Offshore Developments** | Speakers include:
 - **Arnaud Breuillac**, President, Exploration & Production, Total
 - **Lisa Davis**, Siemens, CEO, SiemensGasand Power; Member of the Managing Board, Siemens AG
 - **Susan Dio**, Chairman and President, BP America
 - **Jannicke Nilsson**, EVP and Chief Operating Officer, Equinor
 - **Maria Claudia Borrás**, President & CEO, Oilfield Services, Baker Hughes, a GE Company
 - **Scott Tinker**, Director, Bureau of Economic Geology, The University of Texas
 - And special guest speaker **Malcolm Frank**, EVP of Strategy and Marketing for Cognizant, and co-author of *What to Do When Machines Do Everything*.
 - **Around the World Series** | Technical professionals, governmental ministries, and

industry executives will offer new information about key opportunities and innovative technologies from around the globe. Representatives from **Australia, Norway, Mexico, France, United Kingdom, Israel, Canada, Ghana, and Guyana** will be delivering keynote messages and organizing panel discussions to share their best practices with OTC delegates. The sessions will cover topics such as upcoming licensing rounds, new business opportunities, and technologies.
